IREDA successfully raises ₹2,005.90 Cr. via QIP to boost Green Financing

IREDA has successfully raised ₹2,005.90 Cr. through a Qualified Institutions Placement (QIP). The capital was mobilised by issuing 12.15 Cr. equity shares at a price of ₹165.14 per share, which includes a premium of ₹155.14 per share over the face value of ₹10.

The issue price of ₹165.14 reflects a discount of 5% to the floor price of ₹173.83 per equity share. Launched on June 5, 2025, the QIP issue closed on June 10, 2025, receiving an encouraging response from a diverse set of both domestic and foreign Qualified Institutional Buyers (QIBs), including insurance companies, scheduled commercial banks and foreign portfolio investors. The Board has approved allotment of equity shares to eligible qualified institutional buyers in its meeting held on June 11, 2025.

The QIP was oversubscribed with bids amounting to ₹2,005.90 Cr. against the base issue size of ₹1,500 Cr., achieving a subscription of 1.34 times. Reflecting on this achievement, Shri Pradip Kumar Das, CMD, IREDA, said: "The successful completion of this QIP in a short span after our IPO in November 2023 is a testament to the trust and confidence the investor community and the Ministry of New & Renewable Energy have reposed in IREDA. This capital infusion will empower us to scale up our financing activities, enabling greater investments in renewable energy projects and accelerating India's transition towards a greener and sustainable energy future."
