Global PC shipments fall 1.3% in third quarter

KV Kurmanath
Hyderabad

Here's some bad news for PC makers. Global PC shipments fell by 1.3 per cent to 62.9 million in the third quarter compared to the same period in the previous year. This dip follows three consecutive quarters of year-on-year growth for the PC market.

Mikako Kitagawa, Director Analyst at Gartner, attributed the decline to several factors. "Despite the availability of Windows-based AI PCs for both Arm and x86, these devices have not yet stimulated significant demand," she explained. "Buyers are still awaiting clear demonstrations of their benefits and business value."

Kitagawa also noted that the anticipated surge in demand for Windows PC refreshes, driven by the impending end of Windows 10 support in 2025, did not fully materialise in the third quarter. This was partly due to economic challenges in certain regions.

Despite the setback, Gartner maintains a positive outlook for the PC market. "The

The US market bucked the global trend, posting a 5.6% growth with over 17 million PCs shipped REUTERS

overall trajectory remains on a recovery path," Kitagawa assured.

"We anticipate increased uptake towards the end of 2024, and more robust growth in 2025 when the PC refresh cycle reaches its peak."

The top four vendor rankings remained unchanged from the previous year, with Lenovo, HP Inc, Apple, and Acer, all experiencing year-over-year growth. Conversely, Dell and ASUS saw a decline in shipments.

REGIONAL TREND

The US market bucked the global trend, posting a 5.6 per cent growth with over 17

million PCs shipped. This was attributed to stable macroeconomic conditions and strong demand from the public and education sectors.

The Europe, Middle East and Africa (EMEA) region experienced its first decline after three-quarters of growth, with shipments decreasing by 1.5 per cent. This was attributed to temporary factors such as political elections and major sporting events.

The Asia-Pacific market saw an 8.5 per cent decline, primarily due to continued weakness in China, where shipments fell by 10 per cent due to reduced demand from government and state-owned enterprises.

In a positive development, Japan recorded its first double-digit year-over-year growth in PC shipments in three years, driven by businesses preparing for the Windows 10 end-of-support deadline.

Overall, while the third quarter of 2024 brought a slight downturn in worldwide PC shipments, industry analysts remain optimistic about the market's long-term recovery and growth prospects.

UPI transaction volumes rise 52% to 78.97 b in Jan-June

Press Trust of India
New Delhi

Indian instant payment system Unified Payment Interface (UPI) transaction volumes recorded a 52 per cent year-on-year surge to 78.97 billion in the first six months of 2024, according to a report. In its India Digital Payments Report for the first half of 2024 (January to June), payment technology

service provider Worldline said on Thursday that UPI continues to rule the payment market and is rapidly expanding its reach.

"The number of UPI transactions rose significantly from 8.03 billion in January 2023 to 13.9 billion by June 2024. This growth in volume was matched by an increase in transaction value, which climbed from ₹12.98 lakh crore in January 2023 to an impressive ₹20.07

lakh crore in June 2024.

"When comparing H1 2024 to the same period in 2023, UPI transaction volume saw a substantial increase of 52 per cent, rising from 51.9 billion to 78.97 billion," the report said.

The value of transactions grew 40 per cent, increasing from ₹83.16 lakh crore to ₹116.63 lakh crore. In terms of volume and value contribution, PhonePe emerged as the top UPI app, followed by

Google Pay and Paytm. However, average ticket size (ATS) of UPI transactions saw a decline of 8 per cent, the report noted.

The ATS of all UPI transactions in H1 2023 was ₹1,603, while it dropped to ₹1,478 in 1H 2024, it said.

ATS in P2P transactions registered an almost flat year-on-year rise from ₹2,812 to ₹2,836.

ATS for P2M transactions dropped from ₹667 to ₹ 643,

representing a 4 per cent reduction.

"This significant rise in UPI transactions, particularly in the person-to-merchant (P2M) segment, further cements its position as the preferred method for micro-transactions, demonstrating long-term sustainability and even movement to larger transactions in the coming years," Worldline India CEO Ramesh Narasimhan said.

India's ship recycling industry to grow to 3.8-4.2 m gross tonnage in 2025: Report

Press Trust of India
Mumbai

India's ship recycling industry is expected to grow to 3.8-4.2-million GT (gross tonnage) in 2025, as against an estimated 2.3-2.6-million GT in 2024, according to a report.

According to CareEdge, India accounts for 33 per cent of the global gross tonnage dismantled in 2023, second only to Bangladesh, which handled 46 per cent.

"India's ship recycling industry is poised for major growth in CY25 and is expected to witness similar recycling level in CY24 with an estimate of 2.3 to 2.6 million GT, thereafter a jump to over 3.8 to 4.2 million GT in CY25," said Sajani Shah, Assistant Director at CareEdge.

The ship recycling industry in India is expected to grow at compound annual growth rate of around 10 per cent in CY26-CY28, she said, adding cooling-off of Baltic Dry Index, stabilisation of heavy melting scrap prices, and increase in obsolete ships in operations, suggest that more ships will enter the recycling market from CY25 onwards. According to Shah, countries having better infrastructure and green recycling facilities are expected to attract a larger portion of ships in future.

India's share in the global

recycling industry remained around 27 per cent in the past, before increasing to around 33 per cent in CY22 and CY23, reflecting a rise in its contribution amidst global declines.

In terms of volume, in CY22 and CY23, India dismantled 2.26 and 2.47 million GT, respectively, CareEdge said.

LOW DEBT LEVELS

Ship recyclers are supported by favourable financial structure owing to low debt levels in lower ship recycling activities, low fixed overheads and contract-based employees in the operations. Further, Convergence of factors such as stability in freight and steel scrap prices with expected increase in availability of obsolete ships implies ship recycling activity will rise going forward, it said.

It also said that decline in global ship-recycling activities combined with stable addition in shipping capacity in recent years highlights the growing number of obsolete

vessels still in operation.

As newer, more efficient vessels are introduced, older ships become increasingly unviable for operation. This trend creates a rising need for ship recycling, as operators seek to retire aging vessels that are no longer economically feasible to maintain, the ratings agency stated.

According to the report, the Indian ship recycling sector activity faced a decline amid rise in heavy melting scrap prices in FY23 and FY24.

Prices for heavy melting scrap at Bhavnagar, in Gujarat surged from ₹28,800 per tonne in August 2020 to a peak of ₹54,400 per tonne in April 2022, driven by supply chain disruptions and heightened demand for steel amid post-pandemic economic recovery efforts.

DECLINE IN PRICES

However, after peaking, scrap prices began to decline, settling at ₹39,900 per tonne in December 2023. Since January 2023, prices have stabilised between ₹36,000 per tonne and ₹44,000 per tonne, it said.

This recent stabilisation suggests that the market has adjusted to post-pandemic conditions, providing a more predictable cost structure for industries reliant on scrap metal, CareEdge stated.

The Porsche car involved in the Pune crash. PTI

2 JJB MEMBERS
SACKED FOR
GRANTING BAIL TO
TEEN ACCUSED IN
PORSCH CRASH

HT Correspondent
letters@hindustantimes.com

PUNE: The Maharashtra government has sacked two members of the Juvenile Justice Board (JJB) in connection with the bail given to the 17-year-old accused driver in the Pune Porsche hit-and-run case, officials aware of the matter said on Thursday.

The state government had initiated a probe against the two JJB officials — LN Danwade and Kavita Thorat — after they granted bail to the accused with lenient conditions like writing a 300-word essay on road safety. The five-member recommended the termination of the officials' services in a probe report sent to the state government in July.

"I had given the probe panel report to the state government and recommended that the appointment of the two members should be terminated," women and child development department commissioner Prashant Naravare told news agency PTI. "The state government on Tuesday terminated the appointment of both the members as they were found guilty of misusing their powers, which have been provided under the Juvenile Justice Act."

The panel had previously flagged "procedural lapses, misconduct and non compliance of norms" by the JJB members.

Two software engineers were killed after a Porsche car allegedly driven by the accused teen hit them from behind in Pune's Kalyani Nagar on May 19.

Nearly ₹3L-cr in
oil industry cess
yet to be utilised

Rajeev Jayaswal
letters@hindustantimes.com

NEW DELHI: The Union government has so far collected about ₹3 lakh crore as oil industry development cess since 1974-75 but transferred only ₹902.40 crore to the Oil Industry Development Board (OIDB), the body formed to administer a yet-to-be created Oil Industry Development Fund (OIDF) to finance energy projects, according to government and industry data.

According to OIDB, a total ₹2,76,004.58 crore cess was collected till 2022-23 in about five decades, but most of the amount could not be spent on the development of the oil industry in want of OIDF. While the section 15 of the Oil Industries (Development) Act, 1974 empowers the government to levy a cess on indigenously produced crude oil and natural gas, it also mandates for creation of a dedicated fund to boost the sector. The government is yet to create OIDF even after five decades, two officials aware of the development said, requesting anonymity.

"Total accumulated cess amount as on date would be in excess of ₹3 lakh crore, which includes about ₹8,500 crore collected in 2023-24," one of the officials said.

Initially, the cess was charged at a specific rate of ₹60 per tonne. Gradually, the rate was raised to ₹4,500 per tonne. In March 2016, the government decided to shift from the specific rate to an ad valorem rate of 20%, the official said.

Cesses are collected for specific purpose only, hence creation of a dedicated fund for the board is the mandate of the 1974 law, he said. "The Act must be followed in letter as well as in spirit and the entire cess amount should be transferred to OIDF

rather than keeping the same in the Consolidated Fund of India (CFI). A dedicated fund would help in focused financing of energy projects, which is required to meet growing energy needs of the economy, which is all set to become the fourth largest by FY25," the official added.

OIDB and ministries of petroleum and finance did not respond to an email query on this matter.

In the absence of any dedicated fund as proposed in the Act, the cess amount is automatically credited to the CFI, the second official said. He, however, added that the demand to create a separate dedicated fund is not justified when the government already supports energy projects from the Union budget. "Even otherwise, the section 16 of the Oil Industry Development Act, 1974 stipulates that the cess collected as an excise duty shall first be credited to CFI and the government would allocate an appropriate sum to OIDB as and when required to meet its objectives," he explained.

According to OIDB data, the board last received ₹95 crore from the government in 1991-92, taking the total amount to ₹902.40 crore since the inception of the cess. The objective of OIDF was to be used "exclusively to provide financial assistance to the organisations engaged in development of the Indian oil industry," the first official said, adding that cesses are levied for dedicated purposes.

The Comptroller and Auditor General of India (CAG), in its financial audit report no 4 of 2020, also pointed at this matter. "Due to non-transfer to OIDB, the cess was retained in CFI. As a result, there was no assurance if the cess was used for the purpose for which these were collected," the report said.

Air India places order for 85
new jets, eyes more: Report

Reuters
letters@hindustantimes.com

PARIS/DELHI: Air India has continued a dramatic bid to recapture a place among top carriers by placing a new order for 85 Airbus jets and now eyes more Boeings on top of a historic purchase of almost 500 jets from the two planemakers, people familiar with the matter said.

Airbus said late on Wednesday that an unnamed customer had placed an order for 75 A320-family jets and 10 long-haul A350s — a deal worth \$6.3 billion after typical discounts, according to Cirium Ascend data. Airlines frequently keep their names under wraps to avoid revealing their fleet strategies to competitors.

Three industry people aware of the matter said that Air India was the airline behind the order, which involves exercising options and comes barely a year

Air India placed a new order for 85 Airbus jets, including 10 A350s.

after it ordered 250 new jets from Airbus and 220 from Boeing to revive its status with an all-new fleet.

Two of the people cited above said Air India was also in talks for a potential top-up order from Boeing.

Airbus declined comment on any talks with customers.

Boeing also did not immediately reply to a request for comment.

Last year, Air India agreed to

roughly split the then-record order for a total of 470 jets between Airbus and Boeing, with neither planemaker having the capacity to sweep the whole order.

Chief commercial and transformation officer Nipun Aggarwal, who led the secret London negotiations, was later quoted as saying Air India had also negotiated a total of 370 options and purchase rights from Airbus and Boeing on top of the main order.

Air India said last year that it still had options for 70 more Boeing jets but did not publish a breakdown for Airbus.

Analysts say both airlines face delays for their jets.

Consultancy CAPA India said on Thursday it was sticking close to a forecast of 6% to 8% domestic traffic growth in the year to March 2025, but expressed concerns about geopolitical tensions, higher oil prices and worsening supply disruption.

Rape survivor, accused among 4

BHOPAL: A 14-year-old rape survivor, her mother and the 17-year-old accused have been booked for allegedly abandoning her newborn girl near a railway track in Bhopal district of Madhya Pradesh, police said on Thursday, adding that the infant later died during treatment at a hospital.

According to deputy commissioner of police (Bhopal), Priyanka Shukla, the 14-year-old girl was raped by her 17-year-old cousin last year, and later gave birth to a girl at her house on Wednesday with the help of a nurse.

"The survivor's mother, how-

THE SURVIVOR'S MOTHER AND THE NURSE HAVE BEEN ARRESTED UNDER SECTION 93 OF THE BHARATIYA NYAYA SANHITA

ever, later paid the nurse ₹60,000 to leave the child near a railway track in Aishbagh area," Shukla said, adding that passersby found the baby near the railway track in a sack and took her to a hospital.

Police later arrested the nurse based on a CCTV footage recovered from the area. "The nurse informed the police that the minor

got pregnant after her cousin raped her, and her mother later made arrangements to get the child delivered at home. The survivor's mother also paid the nurse ₹60,000, following which she left the child at the decided spot," the Shukla said.

Police have begun counselling of the minor girl and the accused, following which they will be apprehended; while the rape survivor's mother and the nurse have been arrested under Section 93 (abandonment of the child) of the Bharatiya Nyaya Sanhita.

Shukla said a case has also been registered against the 17-year-old rape accused under Protection of Children from Sexual Offence (Pocso) Act.

Goa RSS ex-chief appears before police

Press Trust of India
PANAJI

Hours after assuring the High Court that he would cooperate with the probe, former Goa RSS chief Subhash Velingkar appeared at Bicholim police station on Thursday afternoon.

Mr. Velingkar, who is fac-

ing a case for allegedly hurting religious sentiments with a controversial remark about St. Francis Xavier, the patron saint of Goa, has filed a pre-arrest bail application before the Goa Bench of the Bombay High Court.

At a hearing on the plea in the morning, his lawyer told the Single Bench of Jus-

stice B.P. Deshpande that Mr. Velingkar will cooperate with the police.

The public prosecutor then said the police would not arrest him if he cooperated.

Later, Mr. Velingkar visited the police station and recorded his statement before the investigating officer.

A few of his supporters were present at the police station when he arrived around 4 p.m. Superintendent of Police (North Goa) Akshat Kaushal was also present.

Justice Deshpande said he would hear Mr. Velingkar's application for anticipatory bail on Monday.

● ANNOUNCES 10-POINT PLAN

India-Asean ties key amid global conflicts: PM Modi

SHUBHAJIT ROY
New Delhi, October 10

ANNOUNCING A 10-POINT plan while underlining that dialogue and cooperation between India and Asean are of utmost importance at a time of conflict and tension in many parts of the world, Prime Minister Narendra Modi on Thursday flagged “respect” for “each other’s national integrity and sovereignty” at the Asean-India leaders’ summit in Laos capital Vientiane.

Modi met Shigeru Ishiba, the new prime minister of Japan, on the sidelines of the summit.

In a post on X, Modi said, “Had a very productive meeting with PM Ishiba. I’m happy to have met him just a few days after he became Japan’s PM. Our talks included ways to enhance cooperation in infrastructure, connectivity, defence and more. Boosting cultural linkages was also discussed.”

This is the first overseas trip for Japan’s new prime minister who was confirmed just last week.

Speaking at the 21st Asean-India Summit, Modi also announced a 10-point plan to mark a decade of India’s Act East Policy that included Asean-India Cyber Policy Dialogue, 2025 as Asean-India Year of Tourism, doubling the number of scholarships at Nalanda University among others.

“We are neighbours, partners in the Global South, and a rapidly growing region in the world. We are peace-loving

Prime Minister Narendra Modi at the 21st Asean-India Summit in Vientiane, Laos, on Thursday

nations that respect each other’s national integrity and sovereignty.”

“I believe that the 21st century is the ‘Asian Century’, a century for India and Asean countries. Today, when there is conflict and tension in many parts of the world, the friendship, coordination, dialogue and cooperation between India and Asean are of utmost importance,” he said.

In keeping with the theme of ‘Enhancing Connectivity and Resilience’, the Prime Minister announced a 10-point plan:

- Celebrating 2025 as Asean-India Year of Tourism for which India will make available \$5 million towards joint activities
- Celebrate a decade of Act East Policy through several people centric activities including Youth Summit, Start-up Festival, Hackathon, Music Festival, Asean-India

■ Invited Asean leaders to join the ‘Plant a Tree for Mother’ campaign towards building climate resilience.

Referring to the tension in the Indo-Pacific and the South China Sea, the joint statement on strengthening Asean-India Comprehensive Strategic Partnership for Peace, Stability and Prosperity in the Region in the context of the Asean Outlook on the Indo-Pacific (AOIP) with the support of India’s Act East Policy (AEP), said that they reaffirm the “importance of maintaining and promoting peace, stability, maritime safety and security, freedom of navigation and overflight in the region, and other lawful uses of the seas, including unimpeded lawful maritime commerce and to promote peaceful resolutions of disputes, in accordance with universally recognised principles of international law, including the 1982 UNCLOS, and the relevant standards and recommended practices by the International Civil Aviation Organization (ICAO) and the International Maritime Organization (IMO)”.

“In this regard, we support the full and effective implementation of the Declaration on the Conduct of the Parties in the South China Sea (DOC) in its entirety and look forward to the early conclusion of an effective and substantive Code of Conduct in the South China Sea (COC) that is in accordance with international law, including the 1982 UNCLOS,” it said.

Network of Think Tanks and Delhi Dialogue;

- Organise Asean-India Women Scientists Conclave under Asean-India Science and Technology Development Fund
- Doubling the number of scholarships at Nalanda University and provision of new scholarships for Asean students at Agricultural Universities in India
- Review of Asean-India Trade in Goods Agreement by 2025
- Enhancing Disaster Resilience for which India will make available \$5 million;
- Initiate a new Health ministers’ track towards building health resilience
- Initiate a regular mechanism of Asean-India Cyber Policy Dialogue towards strengthening Digital and Cyber Resilience
- Workshop on Green Hydrogen

Star Health data leak: Hacker alleges official’s involvement

Firm says probe on, no evidence yet

NARAYANAN V
Chennai, October 10

THE HACKER BEHIND the sensitive data leak affecting millions of Star Health customers has claimed that the company’s chief information security officer (CISO), Amarjeet Khanuja, granted access to user data via APIs (application programming interface).

The hacker, using the moniker ‘xenZen,’ has launched a website ‘StarHealthLeaks,’ with links to two self-hosted leak bots. *FE* reviewed these leak bots and was able to download policy documents of random Star Health customers that contained sensitive and private details such as names, full addresses, PAN information, phone numbers, details of dependents, policy coverage, and pre-existing conditions.

“Star Health management’s CISO, Amarjeet (as

mc6), sold me all this data and later attempted to renegotiate the deal, claiming senior management wanted more money for continued backdoor access,” the hacker’s website alleges. The hacker also uploaded a video of the conversation, allegedly showing the CISO negotiating the deal.

“I have thoroughly analysed the video as a security researcher, and it doesn’t appear to be fake or tampered with. The emails load live as he browses them, ruling out the possibility of spoofing or editing,” Jason Parker, a UK-based cybersecurity researcher, told

FE in an emailed response.

Parker added that the hacker has offered to demonstrate live, through screen-sharing, how he accesses the CISO’s emails. “If this were fake, he wouldn’t risk doing that, as it would expose him. I believe this matter needs to be investigated by an independent government agency,” he said.

Parker was the first to uncover the data breach at Star Health and tipped off *Reuters* last month while tracking the Chinese cyber threat actor ‘xenZen.’

On his website, the hacker

claims to possess 7.24 TB data, including 6 million insurance claims. He displayed samples of 500 random users’ data, along with a list of government officials from Maharashtra Police, the income tax department, the CAG, and even India’s cybersecurity agency, the National Informatics Centre. The hacker is offering the entire dataset for sale at \$150,000.

Star Health did not respond to *FE*’s request for comment regarding the alleged involvement of its CISO or the security measures the company has implemented to prevent such breaches from recurring. The company has also not made any disclosures to the stock exchange since *Reuters* first reported the data breach on September 20.

A *Reuters* report said Star Health, in response to its query, has said its CISO was cooperating in the investigation, which has so far found no evidence of his involvement.

Delhi polls: AAP, Cong alliance unlikely

EXPRESS NEWS SERVICE
New Delhi, October 10

A DAY AFTER the Haryana elections results, in which the AAP drew a blank and the Congress got 37 seats, the AAP and the Delhi Congress have announced that they are unlikely to form an alliance for the upcoming Delhi Assembly polls that are to be held in February 2025.

“We will fight the elections in Delhi alone. On one

side, there is an over-confident Congress and on the other side there is an arrogant BJP... We will bow down before our people in Delhi and tell them about the work we have done in the last 10 years... We take every election seriously and that is what we are going to do during the Delhi elections,” AAP spokesperson Priyanka Kakkar said in a statement.

Delhi Congress chief Devender Yadav responded to

AAP, saying that the Congress is on a strong wicket to win the Delhi Assembly elections on its own.

“We do not want any tie ups with the tainted AAP, which does not have any credibility left after all its top leaders, including Arvind Kejriwal and Manish Sisodia, were arrested and jailed in connection with the liquor scam,” Yadav said.

He said Kejriwal should hold up a mirror to see AAP’s

ground reality, and its shattered image. “After 10 years of incompetent and corruption-ridden governance, residents of Delhi yearn for a Congress comeback to power, to resume the development works and to solve the problems of the people,” he said.

Yadav also said the PWD sealing the chief minister’s residence at Civil Lines after Atishi occupied it without allotment has further tainted the AAP’s image in front of the public.

Nadal's dominance at Roland Garros is his most eye-catching achievement, but the way he adapted his game to excel on other surfaces in an era dominated by Federer & Djokovic will also define his legacy

Beyond Paris: Not just feats of clay

NAMIT KUMAR
OCTOBER 10

IT IS hard to argue that there has been a greater sporting achievement to come out of tennis – in terms of size, longevity, or fame – than Rafael Nadal's record at the French open.

Fourteen Roland Garros titles, a win-loss record of 112-4 (96.55%) and a statue that now patrols those courts. The list of achievements, as astounding as it may be, only tells a small part of the story of how Nadal changed perceptions about playing on the red stuff; how he added glamour and a heightened sense of history every time he stepped on the surface that had long been dismissed as the working-class athlete's version of the finesse-fuelled, largely aristocratic game played on the grass at tennis's holy grail of Wimbledon.

However, as Nadal announced on Thursday that he is set to retire from professional tennis after the Davis Cup finals next month – following two years of awkward toil to return to the elite level – the urge to pigeonhole the Spaniard's legacy as merely the greatest clay-courtier ever would be a disservice to one of the few universally-acknowledged sporting greats to emerge from the game.

In Open Era men's tennis history, only five players have won more than 8 Grand Slam titles, the number that Nadal won outside of clay. Novak Djokovic is the only player who has matched, and surpassed, Nadal for all-court greatness. The two of them have won at least two titles at each of the four Majors (Djokovic has won three).

His two greatest match wins – the rain-curtailed five-set triumph to dethrone Roger Federer at Wimbledon in 2008 (dubbed by some as the greatest tennis match ever), and the come-from-behind victory to win the Australian Open shortly after his injury comeback in 2022 – both came away from clay.

In the two-year, injury-induced lull of his career in 2015 and 2016, Nadal returned a changed player. The era of surface homogeneity – when tennis weapons became similarly effective throughout the bloated calendar, across all surfaces – had been ushered in by Nadal, alongside Djokovic and Andy Murray, and their aggressive baseline style. But to truly excel across the board, and contend with the myriad injuries he had faced, Nadal needed subtle variations and improvements that came about after a coaching change when he hired Carlos Moya.

Nadal announced on Thursday that he is set to retire from professional tennis after the Davis Cup finals next month. Reuters

From the start of 2017, Nadal was an accomplished volleyer, showing the aggression and variation required to end points early against elite defenders, with a vastly-improved second serve. The results were there, not just at the French Open, but everywhere. He won several

hard court titles, including two US Opens and an Australian Open, subsequently, and played his part in many epics against different generations of players.

In a league of legends

Just as it is impossible to take stock of Nadal's legacy without

highlighting his success on clay, one cannot do so without acknowledging he did so in the toughest era to win Majors, sandwiched between the contrasting styles of two of the greatest players, both of whom count him as their greatest rival.

It was the genius of Federer

“What a career, Rafa! I always hoped this day would never come. Thank you for the unforgettable memories and all your incredible achievements. It's been an absolute honor!”

ROGER FEDERER

“Thank you for pushing me to the very limit so many times in our rivalry that has impacted me the most as a player. I wish you best possible farewell. I will be there in person to pay respect to your stellar career.”

NOVAK DJOKOVIC

more cerebral Djokovic arrived onto the scene, for long, Nadal found the smarts to improve from his one-dimensional game to prove to be his equal.

Together, the triumvirate's cross-rivalry lent a higher profile to the sport. Not only would their match-ups be rich in narrative, but also elevate and evolve the technical and physical limits of the sport. Federer exits the stage as the most universally adored, Djokovic has now established himself as the greatest thanks to his longevity and consistency.

In truth, Nadal spent a short-lived period atop the heap. He arrived in the shadow of the legend of Federer, and just as he remarkably broke through, got eclipsed by the younger challenger Djokovic. But had it not been for the feral intensity he added to the trio's match-ups, the epics they repeatedly played out on the grand stage would not have reached the scale that some sporting events do when they trigger a truly unique level of high drama and emotion.

For Nadal to emerge from this era as merely the clay GOAT would be reductive; after having altered his style to adjust to the limitations of his battered body, and carving a body of work that consists of 22 Majors no less.

For, the part he played in the tri-valry, the fight and effort he put in till the last point to heighten the stature of events, the sustained success he enjoyed on hard courts and grass, and the perceptions he changed about tennis, must all be counted alongside his clay greatness when charting his true legacy.

No more going to court over selection, if govt bill becomes law

MIHIR VASAVDA
OCTOBER 10

IFA draft sports governance bill becomes a law, India's athletes and officials will no longer be able to take their sporting disputes to the country's courts. Instead, they will first have to knock on the doors of a proposed Appellate Sports Tribunal, modelled on the international Court of Arbitration for Sport (CAS). Only if they are dissatisfied with the verdict, can they approach the Supreme Court.

This isn't the only eye-catching recommendation in the Draft National Sports Governance Bill, 2024, which the sports ministry released on Thursday.

It has been suggested that a Sports Regulatory Board of India (SRBI) be formed to primarily look into all the governance issues related to sports federations. If implemented, this would result in a separation of powers within the sports ministry, which right now is responsible for all matters concerning Indian sport – from funding to governance – and has been criticised for not enforcing the rules strictly.

Additionally, the draft bill could also pave the way for any citizen of India above the age of 25 to contest for the top posts in a federation election as long as there is a proposer and a seconder. Currently, candidates vying to become office-bearers have

In October alone, six national federations are likely to appear in front of the Delhi High Court due to governance-related issues. If the Parliament clears the Draft Bill, this could become a thing of the past.

to be serving within the system, either in a federation's executive council or with a member association.

The proposed Tribunal, meanwhile, will be formed to ensure the courts aren't burdened with sports cases going forward. Over the years, it's become a ritual of sorts that before every multi-discipline Games or a World Championship, aggrieved athletes approach a High Court blaming an alleged faulty selection process. At the same time, the courts are also hearing governance-related cases.

In October alone, six national federations are likely to appear in front of the Delhi High Court due to governance-related issues. If the Parliament clears the Draft Bill, this could become a thing of the past.

According to Section 29 of the proposed bill, all pending court cases will be transferred to the tribunal on a date specified by the government. The matters transferred to the

Appellate Sports Tribunal under sub-section (1) may be heard and adjudicated from the stage at which such dispute was pending in the court or the authority, as the case may be or hear the matter afresh if it so deems appropriate,' the draft states.

Section 30 adds that 'no civil court shall have jurisdiction to entertain any suit or proceeding in respect of any matter on which the Appellate Sports Tribunal is empowered... and no injunction shall be granted by any court or other authority in respect of any action taken or to be taken in pursuance of any power conferred by or under this Bill.'

The appellant can, however, appeal against the Tribunal's decision to the Supreme Court within 30 days of the verdict.

The composition of the Tribunal and its benches, the draft states, shall be prescribed by the Central Government. The selection of the Tribunal, it adds, will be made by the government on the recommendations of a selection committee comprising a 'retired Supreme Court or High Court judge, sports secretary and secretary (law) or his/her nominee'.

'An order passed by the Appellate Sports Tribunal under this Bill shall be executable by the Appellate Sports Tribunal as a decree of civil court, and for this purpose, the Appellate Sports Tribunal shall have all the powers of a civil court,' reads Section 33.

Brook, Root guide England to 823 vs Pak

MULTAN, OCTOBER 10

ENGLAND NOTCHED up their highest total in 86 years thanks to Harry Brook's triple century and Joe Root's double ton, declaring on 823-7 before Pakistan collapsed to a perilous position on the fourth day of the first test on Thursday. Pakistan's top order failed to get going in the second innings and the hosts ended day four on 152-6, trailing England by 115 runs as the tourists set themselves up for a famous win after a Herculean batting effort.

"There's very much a chance of a result in this game. We've got still got a lot of hard work to do but off the back of the way that we've played so far in this test match, we've got a real opportunity tomorrow if we get things right," Root said.

Harry Brook became the sixth Englishman to hit a triple ton. Reuters

Pakistan's Salman Agha (40) and Aamer Jamal (27) were at the crease at stumps, with England in the driver's seat heading into the final day in Multan. With England leading by 115 runs, Pakistan's top order failed to get going in the second innings and the hosts ended day four on 152-6, trailing England by 115 runs as the tourists set themselves up for a famous win after a Herculean batting effort.

Brydon Carse also dismissed Saim Ayub with his first ball when the set batter played a poor shot for a catch before the debutant cleaned up Mohammad Rizwan with a delivery that nipped back in to leave Pakistan reeling at 59-5.

Saud Shakeel was caught behind off Jack Leach before Agha and Jamal stitched together an unbeaten 70-run stand.

NSL 9th AGM Chairman Message

POWERED BY STEEL

Dear Shareholders,

I am pleased to address you as the Chairman and Managing Director of your company, NMDC Steel Limited (NSL), as we mark a significant milestone in our journey. NSL stands as a testament to India's industrial prowess, representing a strategic initiative by the Ministry of Steel to augment the nation's steel production capabilities. On August 12, 2023, the company achieved its First Blow-In of the Blast Furnace and within three days, produced Hot Metal on August 15, 2023. NMDC Steel Limited produced its final product - the HR Coil on August 24, 2023, only 9 days after the production of Hot Metal. In the journey ahead, NSL achieved 1 million tonnes of cumulative Hot Metal production in a record time of 226 days.

It has now been a year since that momentous event, and I am proud to announce that as of July 21, 2024, NSL produced 1.5 million tonnes of Hot Metal from its Blast Furnace. On August 11, 2024, the Plant crossed 1 million tonnes of Liquid Steel production and on August 20, 2024, NSL achieved the milestone of 1 million tonnes of HR Coil production within a year of commissioning. The Plant recorded 40 heats, 6967 T Liquid Steel and 6519 T HR Coil production on August 15, 2024, which marks the highest production in a day at NSL.

Over the past year, NMDC Steel Limited has made steady progress in ramping up production and stabilizing operations. The Steel Plant's design integrates energy-efficient technologies such as Continuous Casting, Pulverized Coal Injection, Coke Dry Quenching, and Top Recovery Turbine to minimize environmental impact and optimize resource utilization. Our commitment to sustainable development is further reflected in our adoption of a zero liquid discharge system, recycling initiatives, and waste heat recovery options. By focusing on optimizing our processes, enhancing efficiency, and maintaining high safety and quality standards, we have achieved significant improvements across all areas of production, setting new benchmarks and achieving our initial targets ahead of schedule.

 **Physical and Financial Performance**

The financial year 2023-24 witnessed impressive achievements in terms of physical production for NSL. The company achieved production of 4.94 lakh tonnes of Hot Rolled Coil within a span of 7 months, considering that NSL commenced commercial operations on August 31, 2023. Sales of Hot Rolled Coils were recorded at an impressive 3.52 lakh tonnes, generating total revenue of Rs. 3,049 crores for the company. During the year under review, the company incurred a loss of Rs. 2,201 crores and incurred a capital expenditure of Rs. 1,226 crores.

NSL has recorded the highest production, in a single month, of Hot Metal - 1.7 lakh tonnes; Liquid Steel - 1.3 lakh tonnes; and HR Coil - 1.25 lakh tonnes in August 2024. We have successfully commenced PCI operations on May 24, 2024, and produced LPG-grade steel sheets for the first time, marking our entry into the market for specialty steel products. We have begun taking orders from OEMs and are developing customized grades of specialty steel, including high-strength, low-alloy steel, which has been well-received by our customers. NSL is on the threshold of breaking even.

Currently, we are producing close to 1.25 lakh tonnes of HR Coil, which is marginally below our breakeven point on a month on month basis. On our way forward, we

 **Building on a Strong Foundation**

As we reflect on the past year, it's clear that commissioning and operating a steel plant is both challenging and rewarding. The experiences and lessons learned have established a strong foundation for our continued success. Moving forward, our focus will be on leveraging these insights to drive further improvements, enhance operational efficiency, and maintain high safety and quality standards.

 **Corporate Governance**

NMDC Steel Limited adheres to the highest standards of governance, aiming to create long-term value for all stakeholders, including shareholders, customers, suppliers, creditors, the Government of India, State Governments, governmental agencies/departments, and society at large. The company is committed to conducting its business ethically and responsibly, guided by the principles of accountability, transparency, fairness, and effective stakeholder management.

 **Looking Ahead: A Path to Sustainable Growth**

As we move forward, we will continue to emphasize on operational excellence, strategic growth, and sustainability. The Management is committed to charting a path forward for NSL, focusing on continuous improvement, innovation, and value creation for all stakeholders. We remain dedicated to driving long-term growth while upholding our responsibility to the environment and the communities we serve.

In conclusion, I would like to extend my gratitude to our dedicated team, MECON and technology partners, shareholders, bankers, lenders, suppliers, and customers for their steady support and confidence in NMDC Steel Limited. I would also like to acknowledge the support, cooperation, and guidance received from the Ministry of Steel, the Ministry of Environment, Forest and Climate Change, and other departments of the Government of India and the State Government of Chhattisgarh.

As we continue on this exciting journey, I am confident that the company will move from strength to strength and scale new heights.

Jai Hind!

घर से निकाले गए सामान के बीच आतिशी ने खिंचवाई तस्वीरें, भाजपा ने नौटंकी बताया

जनसत्ता संवाददाता
नई दिल्ली, 10 अक्टूबर।

आम आदमी पार्टी (आप) ने गुरुवार को कुछ तस्वीरें साझा कर दावा किया कि दिल्ली की मुख्यमंत्री आतिशी अपने कालकाजी स्थित आवास पर सामान के कार्टन के बीच फाइलों पर दस्तखत कर रही हैं। इससे एक दिन पहले पार्टी ने दावा किया था कि मुख्यमंत्री से राष्ट्रीय राजधानी के 6, फ्लेगस्टाफ रोड स्थित बंगले को 'जबरन खाली' कराया गया है। सोशल मीडिया मंच 'एक्स' पर तस्वीरें साझा करते हुए आप नेता संजय सिंह ने भारतीय जनता पार्टी (भाजपा) को निशाने पर लिया और कहा कि वह दिल्ली के लोगों के लिए काम करने के आतिशी के जच्चे को नहीं छीन सकती। उन्होंने भाजपा पर नवरत्न में एक महिला मुख्यमंत्री का सामान उनके 'घर' से फिक्कवाने का भी आरोप लगाया। सिंह ने भाजपा पर मुख्यमंत्री आवास पर जबरन कब्जा करने का प्रयास करने का आरोप लगाया। राज्यसभा सदस्य ने कहा कि यह एक चुनी हुई महिला मुख्यमंत्री और दिल्ली की जनता का चोर अपमान है। 27 साल से दिल्ली की सत्ता से बाहर रहने वाली पार्टी मुख्यमंत्री के घर पर जबरन कब्जा करने की कोशिश कर रही है। उन्होंने यह भी आरोप लगाया कि उपराज्यपाल वीके सक्सेना के कहने पर आतिशी का सामान बंगले से हटा दिया गया।

आखिर 'शीशमहल' के पीछे क्यों पड़े हैं : कांग्रेस

कांग्रेस ने कहा कि यह वही आम आदमी पार्टी है, जो सत्ता में आने से पहले आंदोलन के दिनों में कहती थी कि सरकारी आवास नहीं चाहिए। लेकिन, सत्ता में आने के बाद केजरीवाल ने दिल्ली की जनता के टेक्स के रूप में दिए गए करोड़ों रुपये से शीशमहल का निर्माण करवाया। अब उसी शीशमहल में रहने को लेकर दिल्ली की मुख्यमंत्री आतिशी राजनीति कर रही हैं। दिल्ली प्रदेश अध्यक्ष देवेन्द्र यादव ने गुरुवार को कहा कि आखिरकार 'शीशमहल' में ऐसा क्या है, जिसके पीछे पूरी आम आदमी पार्टी और

दिल्ली की मुख्यमंत्री आतिशी उसमें रहने को लेकर राजनीतिक कर रही है, जबकि एक प्रशासनिक प्रक्रिया के तहत शीशमहल को सील किया गया है। यादव ने कहा कि जहां एक ओर आम आदमी पार्टी विधानसभा चुनाव को लेकर दिल्ली की जनता का सहानुभूति पाने के लिए नाकाम कोशिश कर रही है। वहीं, दूसरी ओर भाजपा उपराज्यपाल कार्यालय की आड़ में पद का दुरुपयोग कर रही है। दिल्ली की जनता दोनों पार्टियों की लड़ाई में परेशान है।

नेता प्रतिपक्ष ने कहा, केजरीवाल की तरह हमदर्दी बटोरने का कर रही प्रयास

दिल्ली की मुख्यमंत्री आतिशी के निजी आवास पर सामान के कार्टन के बीच फाइलों पर दस्तखत करने की तस्वीरें सोशल मीडिया पर साझा की गईं। इन तस्वीरों पर दिल्ली विधानसभा में नेता प्रतिपक्ष विजेंद्र गुप्ता ने प्रतिक्रिया व्यक्त करते हुए मुख्यमंत्री पर निशाना साधते हुए इसको नई नौटंकी बताया है। गुप्ता ने कहा कि मुख्यमंत्री अपने 'आका' केजरीवाल की अगुआई में नौटंकी करने में माहिर हो गई हैं और इसीलिए अब वह भी केजरीवाल की तरह इस तरह की तस्वीर डालकर लोगों की हमदर्दी बटोरने के लिए 'विकिटम कार्ड' खेलने की नाकाम कोशिश कर रही हैं। गुप्ता ने कहा कि शानदार आवास के अलावा आतिशी के पास दिल्ली सचिवालय में भव्य कार्यालय है, जिसे अभी कुछ समय पहले ही करोड़ों रुपये खर्च करके किसी पांच सितारा होटल की तर्ज पर सुसज्जित किया गया था। इस कार्यालय में ही केजरीवाल की खाली कुर्सी रखकर दिल्ली का शासन चलाने का नाटक करने वाली आतिशी की तस्वीर मीडिया में जारी की गई थी। उन्होंने सवाल किया कि एक तरफ तो इतना खूबसूरत और आलीशान एबी-17 वाला सरकारी आवास और दूसरी तरफ करोड़ों रुपये से सुसज्जित मुख्यमंत्री कार्यालय होने के बावजूद वह (आतिशी) केजरीवाल के 6, फ्लेग स्टॉफ रोड स्थित शीश महल पर अवैध कब्जा क्यों करना चाहती थीं। बिना आर्बिट्रिट हुए उन्होंने केजरीवाल से मिलीभगत करके शीश महल की चाबी ले ली और उसमें भी अपना कुछ सामान भेजने की नौटंकी भी की। बिना आर्बटन के किसी सरकारी संपत्ति पर कब्जा करना गैर कानूनी है।

पीली लाइन पर आज सेवाएं प्रभावित रहेंगी

नई दिल्ली, 10 अक्टूबर (संवाददाता)।

दिल्ली मेट्रो की येलो लाइन के विश्वविद्यालय स्टेशन पर रखरखाव कार्य के कारण 11 अक्टूबर को सुबह कुछ समय के लिए ट्रेन सेवाएं प्रभावित रहेंगी।

दिल्ली मेट्रो रेल कारपोरेशन (डीएमआरसी) के एक वरिष्ठ अधिकारी ने बताया कि शुक्रवार को पूर्व निर्धारित रखरखाव गतिविधियों के तहत विश्वविद्यालय से

मिलेनियम सिटी सेंटर के लिए पहली ट्रेन सेवा सुबह 6 बजे के बजाय 6:29 बजे शुरू होगी और कश्मीरी गेट से समयपुर बादली के लिए पहली ट्रेन सेवा सुबह 6 बजे के बजाय 6:40 बजे शुरू होगी।

उन्होंने कहा, विश्वविद्यालय से कश्मीरी गेट मेट्रो स्टेशनों के बीच कोई ट्रेन सेवा उपलब्ध नहीं होगी। विधानसभा और सिविल लाइंस स्टेशन सुबह 6:25 बजे तक बंद रहेंगे।

पीडब्लूडी की कार्रवाई निंदनीय : माकपा

नई दिल्ली, 10 अक्टूबर (संवाददाता)।

मुख्यमंत्री आतिशी के सरकारी आवास से उनके सामान को बाहर निकाले जाने के घटना की भारतीय कम्युनिस्ट पार्टी (माक्सवादी) दिल्ली राज्य इकाई ने कड़ी निंदा की है।

इकाई के सचिव केएम तिवारी ने कहा कि उपराज्यपाल को दिल्ली की जनता को जवाब देना होगा कि

आखिर क्यों उन्होंने निर्वाचित मुख्यमंत्री के साथ इस तरह का व्यवहार किया है। उन्होंने पूछा कि आखिर उपराज्यपाल ने पीडब्लूडी को इस तरह के असंवैधानिक कार्य को कैसे मंजूरी दी है? अब समय आ गया है कि दिल्ली के सभी लोग एकजुट होकर उपराज्यपाल के माध्यम से आरएसएस-भाजपा द्वारा की जा रही ऐसी कार्रवाई का कड़ा विरोध किया जाए।

दिवाली बाद प्रदूषण का डर, गोपाल राय ने फिर लिखा केंद्र को पत्र

जनसत्ता संवाददाता
नई दिल्ली, 10 अक्टूबर।

राजधानी में प्रदूषण की समस्या से निपटने को दिल्ली सरकार हरसंभव तैयारियों में जुटी है। इस कड़ी में सरकार ने प्रदूषण बढ़ने पर कृत्रिम वर्षा कराने की योजना पर विचार किया है लेकिन अभी इस पर कोई सहमति नहीं बन पाई है। दिल्ली के पर्यावरण मंत्री गोपाल राय की ओर से एक बार फिर केंद्रीय पर्यावरण मंत्री को पत्र लिखा है। मंत्री ने कृत्रिम बारिश कराने के लिए संबंधित विभागों की बैठक बुलाने का आग्रह भी किया है। मंत्री की तरफ से इस मामले को लेकर पहले भी कई पत्र लिखे हैं।

पर्यावरण मंत्री गोपाल राय ने 10 अक्टूबर को फिर से केंद्रीय पर्यावरण मंत्री भूपेंद्र यादव को दिल्ली में कृत्रिम बारिश कराने के संबंध में पत्र लिखते हुए कहा है कि दिवाली के बाद जब धुंध और पर्यावरण क्षरण खतरनाक वायु प्रदूषण स्तरों को जन्म देता है तब कृत्रिम रूप से बारिश (क्लाउड सीडिंग) को

केंद्रीय पर्यावरण मंत्री से कृत्रिम वर्षा कराने के लिए संबंधित विभागों की बैठक बुलाने का आग्रह किया।

आपातकालीन उपाय के रूप में विचार करने की जरूरत है। दिल्ली सरकार ने पहले भी ऐसे महत्वपूर्ण समय के दौरान कृत्रिम रूप से बारिश को प्रेरित करने और वायु प्रदूषण को कम करने के लिए कृत्रिम बारिश का आपातकालीन उपाय के रूप में माना था। दिल्ली में क्लाउड सीडिंग के प्रयासों में पहले ही लगभग एक महीने की देरी हो चुकी है। यह देखते हुए कि नवंबर के आरंभ में दिल्ली में वायु गुणवत्ता खतरनाक हो सकती है। मैं एक बार फिर आपसे आग्रह करता हूँ कि आप सभी संबंधित हितधारकों के साथ तत्काल बैठक बुलाएं। इसमें पर्यावरण, वन और जलवायु परिवर्तन मंत्रालय, दिल्ली सरकार और अन्य संबंधित एजेंसियों के प्रतिनिधि शामिल हों जो कृत्रिम बारिश के लिए अनापत्ति प्रमाण-पत्र जारी करने वाले हैं।
