14-09-2023

Notification on Account activation in new Wind GBI portal and claim submission

Dear Claimants,

As you are aware, the new Wind GBI portal has been launched from 5th August 2023 and the Notification for the same was hosted on IREDA website and also shared through email to all the registered users under the Scheme.

IREDA has also shared the invite to all the registered users for account activation. However, it has been noticed that some of the users have not yet activated their accounts.

Further, claim submission in the activated projects are pending.

All are requested to please activate the account which will enable the accessing rights and proceed with the claim submission in respective project.

It is also updated that IREDA has received fund from MNRE for disbursement to the eligible beneficiaries.

Please refer to the Manual for uploading the documents in the new portal at IREDA website https://www.ireda.in.

Please ignore if the account in the new portal has been activated and claim is submitted in the respective project.
