Independent Auditor's Report

To,

Dr. R.C Sharma, CFO and GM (Finance& Accounts) Indian Renewable Energy Development Agency Limited 3rd Floor, August Kranti Bhawan, Bhikaji Cama Place New Delhi - 110066

Report on the Audit of the Project Financial Statements for FY 2020-21

Opinion

We have audited the accompanying special purpose financial statements of Shared Infrastructure for Solar Parks Project(the Project) financed by International Bank for Reconstruction and Development (IBRD)underLoan No.8737-IN, CTF Loan No. TF0A4648 and CTF Grant No. TF0A4639 and implemented by Indian Renewable Energy Development Agency Limited. These financial statements comprise of the following:

- 1. Consolidated Statement of Sources and Uses of Funds
- 2. List of Claims during the period
- 3. Sub Loan Details
- 4. Summary of the Loan
- 5. Summary of the CTF Grant

In our opinion, the aforesaid special purpose Project Financial Statements give a true and fair view of the receipts (i.e. drawls and reimbursements) and disbursements of the Project for the year ended on March 31, 2021, in accordance with the financial reporting provisions of Section 5.09 of the General Conditions of the World Bank read with the LoanAgreements (as stated above) dated November 20, 2017.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing issued by Institute of Chartered Accountants of India (ICAI). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the implementing agency in accordance with the ICAI's Code of Ethics for undertaking this assignment, and we have fulfilled our ethical responsibilities in accordance with ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

We draw attention to Note (i) to the PFS describing the basis of accounting. The PFS is prepared to assist Indian Renewable Energy Development Agency Limited to meet the financial reporting requirements of the Project's Loan Agreements dated 20thNovember, 2017 in respect of preparation of the Project Financial Statements in a manner to reflect the resources/ receipts and expenditures/ disbursements related to the Project. As a result, this special purpose financial statements may not be suitable for another purpose. Our opinion is not modified in respect of this matter.

Responsibilities of Management and those charged with Governance for the Project Financial Statements

The Management of the implementing agency is responsible for the preparation and fair presentation of the Project Financial Statements in accordance with the financial reporting framework described the Loan Agreements and the Operations Manual, and for such internal control as management determines is necessary to enable the preparation of Project Financial Statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Audit of the Project Financial Statements

Our objectives are to obtain reasonable assurance about whether the Project Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with the Standards of Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if,

individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Standard of Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- identify and assess the risks of material misstatement of the Project Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances.
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Evaluate the overall presentation, structure and content of the Project Financial Statements, including the disclosures and whether these financial statements present the Project's operations andunderlying transactions and events in a manner that achieves fair presentation in accordance with the financial reporting framework described in the Loan Agreements and the Operations Manual.
- Communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on Other Legal and Regulatory Requirements

Further to our opinion on the Project Financial Statements we further report that:

- a) we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
- b) in our opinion, proper books of accounts have been kept by the implementing agency for Project purposes so far as appears from our examination of those books;
- c) the Project funds were utilized for the purposes for which they were provided;

 d) expenditures under the Project, shown in the PFS are eligible for financing under the Project Financing Agreements;

e) Interim Financial Reports (IFR) submitted by the Project management can be relied upon to support applications for withdrawal of the Loan, and adequate supporting documentation has been maintained to support these claims;

f) The Project has an adequate internal financial control systemand such controls were operating effectively as at March 31, 2021.

Note:

(i)The financial statements of the Company have been prepared in accordance with the Sec. 133 of theCompanies Act 2013 and in compliance with the Indian Accounting Standards (Ind AS) issued by theMinistry of Corporate Affairs under the Companies (Indian Accounting Standards) Rules, 2015 and asfurther amended.

The financial statements are prepared on a going concern basis and on accrual basis of accounting. The Company has adopted historical cost convention except for certain items which have been measured on different basis and such basis is disclosed in the relevant accounting policy.

Accounting policies have been consistently applied except where a newly issued accounting standardis initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

- Notes

 1 The consolidated JUFR has been prepared by IREDA on the basis of signed IFRs submitted by Rewa Ultra Mega Solar Ltd. The JUFR has been prepared on cash basis.
 2 PIA is required to submit copies of bank satatements along with IFRs to IREDA.
- 3 The PIA is required to prepare the annual project budget broken down into quarterly budget estimates prior to the beginning of each financial year and share with IREDA after approval of BOD of PIAs. Actual expenditure will be monitored against budget on a regular basis and reported in Summary Sources and Uses of Funds. Major variations of expenditure from budget should be monitored and remedial measures undertaken will be briefly mentioned in the Remarks column. Project budgets will also form the basis for half yearly forecasts for advances. The above said process has not yet been started by Rewa.
- 4 In the IUFR no.9 for the period ending 31.03.2020, Rs. 8 lakhs out of the total expenditure incurred under CTF grant was erroneously captured twice under both the components 1 and 2. However, it should have been captured only under component 2 - TA. Accordingly the closing balance for period ending 31.03.2020 should be Rs. 65.215 lakks as against Rs. 57.215 lakks. The rectified closing balance as on 31.03.2020 is being considered as the opening balance as on 01.04.2020.
