IREDA Joins 100-Day TB Mukta Bharat Drive with Screening Camp

New Delhi, 15th June 2026

Indian Renewable Energy Development Agency Ltd. (IREDA) today began a two-day Ni-Kshay Shivir (TB Screening Camp) at its Corporate Office in New Delhi, as part of the 100-Day Intensified Campaign under TB Mukta Bharat Campaign launched by Ministry of Health and Family Welfare.

A team from the Central TB Division, Ministry of Health and Family Welfare, conducted screenings for employees, aimed at early detection and prevention of Tuberculosis.

The camp was inaugurated by Shri Pradip Kumar Das, Chairman & Managing Director, IREDA, in the presence of senior officials of the company. Speaking on the occasion, Shri Das said, "IREDA remains committed to supporting national health initiatives and the Government's vision of a TB-free India. This camp reflects our responsibility towards employee well-being along with our mission of clean energy. Early screening is vital to eliminating TB and we encourage everyone to participate."
