

IREDA organises second vaccination camp, inoculates 176 peoples

August 7th, 2021, New Delhi

Indian Renewable Energy Development Agency Ltd. (IREDA) organised second COVID-19 vaccination camp today for employees and their dependent at IREDA's Corporate Office, New Delhi.

This was done in line with the direction of Govt. of India- "Free Vaccination for All". A total of 176 employees and their dependent from IREDA, Ministry of New & Renewable Energy, NEEPCO and CEA got vaccinated in this camp with the objective and fulfilling to rapidly immunise all eligible employees.

On this occasion, Shri Pradip Kumar Das, CMD, IREDA underlined that "this is an effort to ensure protection and confidence so as to enable a healthier workforce. IREDA aims to cover all eligible employees and their dependents under the protection of the vaccine." Shri Das thanked Apollo Hospital for their collaboration and support.

The vaccination drive was carried out for the safety of power sector personnel so that the critical need of uninterrupted power supply on 24x7 basis is ensured.

IREDA had jointly conducted first vaccination drive with NHPC on 7-8 May 2021 in which 317 employees of various CPSEs under the Ministry of Power and the Ministry of New & Renewable Energy were vaccinated for the first dose of Covishield.

Those who are left, another vaccination camp would be organised for them at appropriate time.
